

Outages, Permits and O&M Manuals

1. Outages (utilities & traffic)

Plan Ahead (allow Gov't lead time for processing)

Provide Details (location, start time, duration, impacts, so ROICC assist shops & conduct PA)

2. Permits (Dig, Burn/Weld, VPDES, ...)

Know specific state & base requirements and ensure all permits are obtained prior to starting work

3. O&M and OMSI Manuals

Must be submitted prior to BOD
